## CIM VALUE

*Your Resource for  
Outsourcing  
Manufacturing*

- International
- Proven
- Flexible
- Reliable

- ✓ Quickly add manufacturing capacity to lower unit costs for your products, components and assemblies.
- ✓ Low cost provider of highest quality, superior customer service manufacturing solutions.
- ✓ Superior metal fabrication, assembly and OEM manufacturing services for a broad range of industries.
- ✓ Privately held company, entrepreneurial, nimble, and easy to do business with.
- ✓ Operations strategically located in Central Mexico (Saltillo). Only 3 hours from the US border (Laredo).
- ✓ Capabilities: Product design/development, build-to-print, special test equipment,  $\pm$  one-millimeter tolerances
- ✓ Designated warehouse for customer-specific material and specialty raw materials.
- ✓ Compliance with in-country statutory regulations. Factory has current water and chemical environmental permits.

## NEXT STEPS

- ✓ Meet with your engineering & manufacturing teams to discuss capacity, cost, and quality needs.
- ✓ Visit our Saltillo facility.
- ✓ Develop a requirements document.
- ✓ We present you a proposal.
